

HEATING

Program

This program is for your furnace. Under the program, any accessories including filters, etc. are 15% off MSRP. Humidifier maintenance can be covered for an additional \$6.99 + HST. Equipment beyond the furnace unit—such as HRVs, ERVs, and thermostats—is not included.

Maintenance

Maintenance is required once a year to maintain manufacturer's parts warranty

- Adjust fan belt if needed
- Check gas leak for health & safety
- Test operating pressures
- Test temperatures across outdoor unit
- Test operation of condensation system
- Test for hazardous debris
- Test unit through operating cycle
- Test for carbon monoxide

MAPLE AIRTM
HEATING & COOLING

Heating

Protection

Labour & Parts coverage in the event of a unit breakdown

What is fully covered?

- Blower Wheel Assembly
- Blower fan motor capacitor
- Condensate pumps
- Control board & Door switch
- (EI) system, Fan control & Fan motor
- Flame sensor & Front cover collector box
- Gas burners, Gas valve & Control valve
- Heating circuit transformer & Limit switch
- Hot surface ignitor & Ignition runner bar
- Inducer motor assembly
- Low voltage circuit fuse & Pressure switch
- Vent system pressure switch/tubing
- Venter/Motor Assembly & Venter motor
- Relay & Rollout switch

What is not covered?

- Filters & Combustion chamber
- Conversion kit & External venting
- External drain tubing & low voltage wiring

*What is partially covered?

- ECM Motor
- Heat exchanger

*Our liability, for parts and labor related to 'partially covered' units and services, is limited to a maximum retail value of CAD \$450 per year of plan coverage, inclusive of HST.
